Leadership Track 1				Leadership Track 2			
Time	Workshop	Location	Description	Time	Workshop	Location	Description
1-2:30	Design Thinking for Leadership	Nancy Richardson Design center	In this workshop students will explore the five tenants of design thinking (empathize, define, ideate, prototype, and test) while applying their learning to think about how they can become better leaders in their communities. Students will focus on future-oriented thinking and how, starting today, they can use design thinking to build a better tomorrow.	1:00-1:45	Commanding Leadership	ROTC Room	Explore leadership skills, problem solving skills, and resilience.
2:45-3:30	Commanding Leadership	ROTC Room	Explore leadership skills, problem solving skills, and resilience.	2:00-2:45	Rams Against Hunger	Rams Against Hunger- Mason Street Location	Make a Difference Today! Activities include sorting, organizing, and inventory of food items for a local food bank.
3:45-4:30	Rams Against Hunger	Rams Against Hunger- Mason Street Location	Make a Difference Today! Activities include sorting, organizing, and inventory of food items for a local food bank.	3:00-4:30	Design Thinking for Leadership	Business	In this workshop students will explore the five tenants of design thinking (empathize, define, ideate, prototype, and test) while applying their learning to think about how they can become better leaders in their communities. Students will focus on future-oriented thinking and how, starting today, they can use design thinking to build a better tomorrow.

FCS			
Track 1			
Time	Workshop	Location	Description
8:00-9:30	Police Dog Training and Careers	205 University Square	4-H is about exploring new projects and learning life skills. Many of the things we do may create a spark and lead you to a lifelong career. Come learn what it is like to train a dog for obedience and scent tracking in a police career. A K-9 officer with the Fort Collins Police Department will discuss what a career in this field is like. They will also bring their dog and discuss obedience training and scent tracking skills.
9:45-10:30	Managing Stress so Stress Doesn't Manage You	Gifford room 235	We all face stress and while some stress is necessary and even beneficial, our brains can only do so much to manage this on our own. Participants will share some of the stressors they face and brainstorm with their peers about tools and techniques they utilize to help them stay on top of challenges and stress.
10:45-11:30	Money Habitudes	Gifford room 203	Money Habitudes is a fun interactive and constructive way to learn about our habits and attitudes (Habitudes) about money. Participants will discover the how, why, and when they spend, save, give, or invest. This program promotes conversations with partners/families to encourage positive financial relationship skills.
12:30-2:00	Dog Toys and Care Packages	Gifford 235	As a follow-up to the Police Dog Training and Careers presentation, we will be making dog toys and care packages for K-9 units and police officers to thank them for all the service they provide to communities.
2:15-3:00	Join the Fun - Family Consumer Science (FCS) Contests: Quiz Bowl and Skill-A-Thon	Ingersol - Seminar Room	Take your Family Consumer Science (FCS) skills to the next level. FCS Bowl is a knowledge bowl team competition that challenges your knowledge in some FCS topics. Can you buzz in with the answer first? The FCS Skill-a-Thon is an overall contest that covers skills and knowledge gained by participating in all aspects of the Family and Consumer Science projects. Let's see how many FCS items you can identify.
3:15-4:00	Go from Anxious to "Nah, I've got this!"	Gifford 203	Standing in front of a class get you nervous? Feel peer pressure to do or say a particular thing? Everyone has anxiety in certain situations, but it can present differently for each person. How do you recognize when you are anxious? What can you do about it? In this interactive workshop, you'll learn more about how anxiety presents, work together in groups to share what helps you, and learn a few new tools to manage your anxiety.

12:30-2:00	Water Center	Nutrien room 306	Decreasing water supplies due to climate change and increasing water demand from population growth is leading to increased competition among water uses for agriculture, industry.
2:15-3:00	The Art of Leadership	ROTC	This workshop will prepare you to create cohesive teams, engage in strategic decision making, and how to develop commitment to success.

Leadership Track 2			
Time	Workshop	Location	Description
8:00-8:45	The Art of Bringing People Together: The Critical Role of Facilitative Leadership in Hyper-partisan Times	Nutrien 163	This workshop will focus on leadership skills that can help bridge divides and counter polarization in order to build capacity for communities to address their shared problems more effectively. It will introduce the concept of wicked problems as a key tool to reframe conflicts, and review research in social psychology and brain science that make it difficult for us to have the conversations we need to have. Participants will learn how to lead in ways that avoid triggering the worst in human nature and tap into the best, particularly our creative problem-solving skills
9:00-9:45	Ruben Flores-: Using Your Leadership Skills to Build a Better Tomorrow	Nutrien 102	Through brief discussions with fellow workshop participants and getting creative during hands-on activities, 4-H members will explore how their interests and strengths will prepare them for the future. Students will reflect on answering the question: "What will you do when you graduate from high school?"
10:00-11:30	Is Your Voice Being Heard?	Nutrien room 306	Agriculture is a vital industry in Colorado and the United States, but because we have less than 2% of the population engaged in production agriculture, at times it can feel that our voice is muffled or even ignored. Have you thought about how you can be an advocate for agriculture in your local community, across the state, and even in the nation? Here is your chance to learn about how to speak and have your voice be heard.
12:30-1:15	The Art of Leadership	ROTC	This workshop will prepare you to create cohesive teams, engage in strategic decision making, and how to develop commitment to success.
1:30-3:00	Foundational Life Skills for Leadership (from current CSU students)	Animal Sciences 033	Navigating adulthood in college is scary, but with the right tools and organization skills, you won't have to fear! Come to this workshop if you want to have fun while also being productive.

Livestock			
Track 1			
Time	Workshop	Location	Description
