Office of Engagement and Extension de CSU garantiza acceso significativo e igualdad de oportunidades para participar a las personas quienes su primer idioma no es el inglés. <https://col.st/OWMJJA>

Goat

Tips:

- Barn or shed should have 15 square feet per animal.
- Fence should be minimum of 48 inches tall.
- Fresh and clean water should be available at all times.
- Market goats should gain .2-.3 pounds per day.
- Market goats should be born between Nov. 1st and March 1st depending on fair dates.
- Feed should contain 16-18% protein.
- Exercise by walking a minimum 15 minutes every day.
- The average cost per goat is \$500-\$600. This includes the purchase of the animal, feed for 4 months and show supplies.
- Sore mouth, ringworm and urinary calculi are three common health concerns in goats. Urinary calculi is the most critical and time sensitive of the goat diseases.
- Dehorning or tipping may be required depending on the rules of the show. Be sure to know this before going into the project.
