

Begin a New Fair

Follow the instructions below to copy your current fair for the next year.

<p>1. Log in to your Fair’s organization account. Click “Add a Fair” at the top right corner.</p>	
<p>2. Click “Begin New Year.”</p>	
<p>3. Enter the name for this year’s fair. Basically, just add the new year (2017 for example) to the name of your fair</p> <p>4. Enter the new fair’s start and end dates, being careful about the year.</p> <p>5. Select the fair from which you would like to copy.</p> <p>6. Select the items you wish to copy for the new year. Select the options carefully as this step can only be completed ONE time per year.</p> <p>7. Click Save!</p>	

Once you have copied your old fair to create your new fair, there are a few items you will need to setup.

- Registration start and end dates will need to be updated for the new year.**
- 4-H Integration will need to be set up, approved and imported every year.**
- Animal Types & Required 4-H Projects need to be re-linked to each division each year under Hierarchy editor.**
- Staff members (only those from 4HOnline) will need to be re-invited each year.
- Any custom reports that filter or sort on date fields will need to be updated.
- If your classes have dates in their names, those will need to be updated to reflect the new year.
- Fair-to-Fair Connection needs to be requested and approved if you are connected to another fair.
- If you are a connecting fair, the hierarchy should be synchronized each year, whether or not there are any changes in the receiving (state) fair hierarchy.
