For the 2017-18 SLV 4-H Robotics Season, participants are asked to agree to the following:

- My child will make every effort to attend **at least 75%** of monthly challenges and team meetings. I understand that occasionally missing meetings or challenges is acceptable, but our family will make attendance a priority, since the schedules will be available in advance. Exceptions will be made for legitimate conflicts, but those should be discussed with the SLV Area 4-H staff (in advance, when possible).
- I understand that team participation in the RoboRAVE Colorado (April 7) and SLV Fair Robotics Challenge (tentatively August 8) is mandatory. Teams should work together to ensure that at least one team member will be able to represent the team at these competitions.
- I will work with the parents of other members of our child's team, and their coach, to schedule team meetings.
- I will help ensure that my child is making a positive contribution to their team, and is treating other members, competitors, volunteers, and the actual robotics materials with respect. If coaches bring concerns to my attention about my child's behavior, I'll partner with the coach, and our child, to deal with these concerns.
- I will commit to completing any other SLV 4-H Robotics' requirements, including each team completing an annual end-of-year kit inventory, and each youth participant completing an end-of-year program survey.
- Our family will commit to reading robotics communications (typically email) from the 4-H office in a timely manner and will attempt to reply promptly when action is required.
- Our family will help identify at least one volunteer to assist at RoboRAVE Colorado on April 7, 2018.

*By signing below, our family confirms agreement with the above expectations.*
