Please invite military-connected youth to join us as the Colorado State Legislature recognizes our awesome kids! Half the group of youth will attend a proclamation signing in the Senate and the other half of the youth will attend the signing in the House. At this time, Colorado's military youth will also be recognized for their sacrifices, strength and resilience. We will be able to meet with legislators, tour the capital and more. The event is being hosted by Senator Nick Hinrichsen and Representative Matt Martinez, both military veterans, and organized by the Colorado 4-H Military Partnership. The event is tentatively scheduled to end around 1400.
